PROJECT №1245
MEDICAL CENTER FOR DIAGNOSTICS AND TREATMENT (EXPANSION OF ACTIVITIES) (WITH INSURANCE COVERAGE)

Description: The founder plans to expand the scope of his activities. The medical center operates in Andijan. The founder's total investments are: **$302 520.**

PROJECT ADVANTAGES:

- The presence of a capacious consumer market in the regions of the Fergana Valley and neighboring regions of the Republic of Kyrgyzstan;
- Starting readiness for the implementation of the project on the basis of a functioning medical center. Provision of the territory with the necessary engineering communications for the project;
- Extensive management experience of the founders in the private sector market and extensive staff experience. The need of the region and neighboring regions for high-quality high-tech medical services, such as diagnosing diseases based on the analysis of laboratory tests using the most modern equipment, performing surgical operations, postoperative treatment in appropriate conditions, and most importantly, the experience of medical personnel.

After reconstruction the following are formed:
-Surgical and physiotherapeutic unit;
-Laboratory and outpatient day treatment unit. At the same time, 20 wards with 33 beds will be created. The project envisages reaching the level of medical care of the best clinics and standards in Europe and Asia. High-tech medical equipment for clinical, laboratory and functional diagnostics, surgery, anesthesiology, urology, gynecology, cardiology and physiotherapy will be purchased.
