Description: The Founder plans to open a private higher educational institution in Tashkent. The project is being launched in cooperation with universities in the Baltic countries, and the diploma from this university will be rolled out in Europe. There is a ready-made building with renovation. The author of the project has more than 2 years of experience in finance.

Advantage of the project: Students will have the opportunity to study abroad. It is possible to obtain two diplomas. Lessons will be taught by leading professors from foreign universities. There will be courses in accounting, IT, management and finance. The author of the project invested $50,000 for the renovation of the premises and agreements with other Foreign Universities.

Cash in the amount of **$150 000**, which upon investment is deposited with the company under the licensing conditions established in Uzbekistan, can be spent on the needs of the university after **6 months.**

Project implementation period after attracting investments: **1 month.**
