Description: The founder plans to expand the existing business producing medical furniture. The company has been operating since 2019. It is planned to create a production holding to organize the creation of furniture for medical institutions with high quality for the purpose of selling both to the domestic market and for export.

Current production has been established, a full set of equipment is available and marketing research has been carried out. The founder invested $50,000 for this.

Project implementation period after attracting investments: **3 months.**

Required amount of investments: $500 000
