Our social networks

Description: The founder plans to expand activities for the production of bottled mineral water located in Gulistan. The enterprise has been operating since 2019. Equipment and tools for production were brought to the enterprise from China.
The founder is ready to invest **$500 thousand** to launch an enterprise for the production of cold and juice-containing drinks. He is also ready to provide **90 acres** of land for the construction of the plant. In 2024, the company's products are planned to be exported to the Republics of Tajikistan, Turkmenistan and Kazakhstan.

Project advantages:
- Capacity: 72,000 m3 of mineral water is produced per year.
- Total land area 2,000 m2.
- Convenient geographical location.
- Successfully operating business.
- Availability of logistics.
- The company has all the infrastructure.

Required amount of investments: $1 000 000
