Description: The founder presents a project that is an online platform for selling air, train and bus tickets, booking hotels, providing insurance services, transfers and other similar services in electronic form. The startup was launched in 2020 and began operating in 2022. This is the only platform in Uzbekistan that allows you to buy air, train and bus tickets in one application. The founder has over 17 years of experience in this field.

Project status:

- A mobile application has been created, available for downloading and using.
- A website has been developed where you can purchase airline and train tickets.

This project provides a unique opportunity for users to conveniently and quickly book various types of tickets and services in one place, using modern technologies and the team's many years of experience.

The founder invested **$500 000** in the project for IT services, marketing, administrative expenses, etc.
