to **$1 350 000**

ANNUAL RETURN ON INVESTMENT CAPITAL:
33%

Contact us

Description: The project involves the installation of 50 digital vending machines in premium tourist and pilgrimage locations in Mecca within specially designed architectural enclosures (4×4 meters). The machines will offer halal retail products, souvenirs, and travel essentials.

The initiative aligns with **Saudi Vision 2030**, which focuses on developing urban infrastructure, services, and digitalization in areas of mass pilgrimage.

The founder of the project possesses 9 years of proven experience in the industry.

Current Project Status:

- Installation and operations partner confirmed
- Locations approved
- Pavilion design for the vending machines is ready
- Media coverage by Channel News Asia and Mediacorp
- The platform is ready to launch the first phase
- Investor onboarding is in progress (up to 20 investors)

Project Advantages:

- High foot traffic at vending locations
- Low operational costs due to digital format and centralized management
- Stable demand driven by religious tourism
- Backed by a Singapore-based platform and internationally recognized brand

Market Opportunities and Growth Potential

- Mecca is the largest religious center in the Islamic world.
- Pilgrim flow: over **20 million visitors annually**, including Hajj and Umrah.
- Average consumer spend: high purchasing power, strong demand for convenience goods, beverages, souvenirs, and halal products.
- Saudi Arabia is actively developing its digital and vending infrastructure — the market is growing at a rate of **15–18%** annually.

About the Founder and Team

The project is led by an experienced Singapore-based team, recognized in the fields of halal products, digital commerce, and Islamic economy.
The team has a proven track record in e-commerce, logistics, retail, and international investment initiatives.
An operational and PR partner has also been engaged — a representative of an international investment community focused on sustainable development and impact-driven projects.

INVESTMENT OFFER OVERVIEW:

Investors are invited to participate in the project by purchasing between **1 and 20 investment lots**. Each lot entitles the investor to a 7% share of the annual net profit.
Investment term: up to 5 years, with the option for early exit upon resale of the vending machine.

Conservative Profitability Estimate (per year):

- **Minimum investment:** $37,500 (1 lot)
- **Estimated net profit per lot:** $67,500
- **Investor's 7% share:** $4,725

Investor Return Summary (5-Year Term):

- **Year 1:** $4,725 (7% of net profit)
- **Years 2–5:** $14,100 annually ($9,375 return of capital + $4,725 profit)
- **Total over 5 years:** $61 125 ($37 500 capital + $23 625 profit)
- **Average annual income:** $12,225
- **Average annual ROI:** 33%
